Your Login.gov account is now created and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include biometrics (face or fingerprint), authentication applications, text or voice messages, security keys, government employee IDs, or backup codes.

Authentication method setup

Add an additional layer of protection to your Login.gov account by selecting a multi-factor authentication method.

We recommend you select at least two different options in case you lose one of your methods.

- ☐ **Face or touch unlock**
Use your face or fingerprint to access your account without a one-time code.
- ☐ **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- ☒ **Text or voice message**
Receive a secure code by (SMS) text or phone call.
- ☐ **Security key**
Connect your physical security key to your device. You won't need to enter a code.
- ☐ **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.
- ☐ **Backup codes**
A list of ten codes you can print or save to your device. Because backup codes are easy to lose, choose this option only as a last resort.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number, and then click the appropriate radio button to receive a one-time code either by text message or phone call. Click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license, state ID, or U.S. passport). This added security measure is to ensure that you are not someone else pretending to be you.

Note: This is a one-time identity verification; if you have already proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows the Login.gov identity verification page. At the top, there are logos for LOGIN.GOV and the Department of Justice. The main heading is "Let's verify your identity for eVoucher TSD". Below this, a message states: "eVoucher TSD needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". The section "You'll need to:" lists four steps: 1. Have a U.S. passport book, U.S. driver's license or state ID. 2. Enter your Social Security number. 3. Match to your phone number. 4. Re-enter your Login.gov password. A blue "Continue" button is at the bottom, highlighted with a red border.

How verifying your identity works

Identity verification happens in two parts:

Verify your identity

We'll ask for your ID, phone number, and other personal information to verify your identity against public records.

Secure your account

We'll encrypt your account when you re-enter your password. Encryption means your data is protected and only you will be able to change your information.

☒ By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

Vendor Manager System (VMS)

Beginning with release 6.11, you must create an account in the Vendor Manager System (VMS) to manage your payment account information, including electronic file transfer (EFT) payments for your services. This VMS account must be created and linked to your eVoucher account before you can submit a voucher for payment.

Step 1

A banner directing you to complete your vendor information in VMS displays on every page in eVoucher until you set up at least one payment account in VMS. Click the **Sign in to Vendor Manager** link to access VMS.

Step 2

On the VMS landing page, click **Sign in with LOGIN.GOV** to begin creating your account.

Step 3

Review the VMS job aids for all the information necessary to create your VMS account.

Single Login Profile (SLP)

An SLP allows you to link to your other court accounts and switch from one account to another from within the eVoucher application without needing to sign out. It is set up by court staff when your court profile is initially created in eVoucher.

Single Login Profile for Eva Expert

On the Single Login Profile page, you can:

- Edit your first, middle, and last name.
- Edit your email address.
- Access VMS to view and edit your payment account information.
- View your linked eVoucher accounts.
- Change your default court.

To access the Single Login Profile page, on the menu bar, click **Help**, and then click **Single Login Profile**, or point to the profile icon, and then click **Single Login Profile**.

Editing Your SLP

Your SLP information is divided into three sections: Account Information, Billing Information, and Linked eVoucher Accounts. Click the plus (+) or minus (-) signs to expand or collapse each section.

From the **Accounts** menu, click the court account in which you wish to work.

Single Login Profile vs. Court Profile

Here are some tips for viewing which court account you are in and who you are within that court.

1. **Court account** – This is the court account you selected from the **Accounts** menu, showing the account to which you are signed in.
2. **Single Login Profile (SLP)** – This profile is attached to a person. It connects multiple eVoucher accounts a user may have.
3. **Profile icon** – You can access your Single Login Profile (SLP) or court profile, or sign out from here. You can also access these options from the **Help** menu.
4. **Court account username** – This displays the court user you are signed in as, and your full name and user role as they appear for that court profile.
5. **Accounts menu** – From this menu, you can access all of the court accounts to which you are linked.

Court Profile

If given access by your court, you can make changes to your eVoucher account information. On the home page, point to your profile icon, and then click **Court Profile**.

On the Court Profile page, you can:

- Edit contact information, phone, email, and/or physical address.
- Manage your payment accounts, Social Security number (SSN), and/or employee identification number (EIN) from the VMS. Additionally, any changes to the SSN or EIN must be completed in VMS.
- View expert specialties.
- Document any continuing legal education (CLE) attendance.

Click **Edit** to the right of the Expert Info and Expert Specialties sections to expand these sections and edit any information. Review your court profile and add any missing information as needed.

Expert vs. Expert Enter

CJA eVoucher allows two designations for experts to complete the voucher: Expert and Expert Enter. When a service provider signs in, they see a list of all their documents on the home page. The Expert role allows the service provider to sign in to eVoucher, view any documents the attorney is creating on their behalf, verify that the information is correct, and run reports or copies of the CJA-21 or CJA-31.

The Expert Enter role allows the expert to complete their voucher after the attorney has created it. If the attorney selects an expert who has these privileges, they can decide if the attorney or the expert will complete the voucher. The expert can then enter the correct information and submit the voucher back to the attorney for approval.

CJA-21/31 Entry

The attorney creates the CJA-21 or CJA-31 voucher. If you have Expert Enter rights, the attorney can allow you to enter the services and expenses. You will receive an email message informing you that a voucher has been created on your behalf and that you can enter your information on the voucher.

Step 1

Sign in to the eVoucher application. The voucher should appear in the My Documents section of your home page.
