Chris and Chris,

We just finished a good draft of the FLX/Sabre joint footprint marketecture for the review with Sean on Friday. Also, have taken a first pass at the deal hypothesis/synergy case. Can we find some time to review tomorrow?

@ Dave – just a heads up. Given your calendar challenges, not sure if I'll get a chance to review/discuss with you before the meeting with Sean on Friday. Lori is trying.

Cheers,  
Vinit
