Hi Sean,  
Nice to briefly meet at the CEO table at CAPA. With the Sabre acquisition of Farelogix to close later this year, I'm reaching out to let folks know the next few months is an exceptional time to engage with Farelogix prior to the merger close, if we could be of any assistance with any technology needs, specifically related to offer management and order delivery.

We haven't connected with any Aer Lingus folks in a while, so I didn't what to miss reaching to you. Happy to engage with any of your team as appropriate.

Regards and best wishes.  
Jim
