13 Q. And how is -- how would doing a deal with
14 [REDACTED] be good for Farelogix?

15 A. Well, again, as we talked about, I think
16 it would -- because there is the association with
17 [REDACTED], there is the global scaling that
18 we've been kind of criticized for. I think those
19 things go away with -- again, with either a Sabre
20 deal or an [REDACTED] deal.
